

Wine

Strawberry Lodge is located in El Dorado County, which reaches from the outskirts of the Sacramento Valley to the border of Nevada. It is a county that encompasses a widely varied terrain, including the El Dorado National Forest as well as the rich grape growing foothill regions around Placerville. The El dorado Appalachian is characterized by these variations in elevation, topography and soil type. This rich diversity means that a wide variety of grapes can thrive here.

We have chosen to showcase those wines grown here locally in our unique wine cellar

Please feel free to step up to the wine cellar and select the wine of your choice. Bring it to your table and your waiter or waitress will be happy to open and serve it for you.
