COBRA
BY SCHLAGE®

Cobra Series Manually Programmable Locks

LEDs provide visible acknowledgement for access and programming requests

Stainless Steel Buttons

Convenient Programming Flexibility allows 100 codes to be programmed at keypad

Attractive Architectural Design, Compact Escutcheon

Vandlgard® Clutching Lever Design minimizes damage to lock from vandalism

2 Lever and 5 Finish Options provides architectural appeal

Exterior Gasket provided as standard

Concealed Emergency Override

Cobra by Schlage is an architecturally designed programmable locking solution. This attractive, battery powered electronic lock is ideal for new construction or retrofit applications where aesthetics are important and program flexibility at the lock is critical.

With Cobra's programming flexibility, users can program up to 100 3 to 8 digit user codes right at the keypad. In addition, the lock features red and green LED indicators for visible access and programming acknowledgement. A concealed emergency override gives you additional flexibility to tie into existing SFIC (Small Format Interchangeable Core) keying systems.

Additional features include extended battery life, Vandlgard® clutching lever design, a variety of architectural finishes and two lever designs. Cobra by Schlage is an excellent choice for schools, hospitals, multi-family units, retail stores, and commercial and government facilities looking to upgrade their access control from mechanical locks.

Features	Benefits
• Architectural Design	Flexibility for new or retrofit applications compliments building styles
• Compact cast escutcheon with integrated keypad	Fewer components provide simple and quick installation
• Program up to 100 users at keypad	Minimal restrictions to # of codes, and simple quick programming to add/delete codes
• 2-3 year battery life	Minimal maintenance with standard alkaline batteries
• Vandlgard® clutching lever	Minimizes damage from vandalism
• LEDs with red/green indicators	Provide visible access and programming acknowledgement
• Concealed emergency override*	Aesthetic appeal
• Adjustable door thickness	Easy installation for a variety of door thicknesses
• Cylindrical and mortise locksets	Most popular lock types
• Lever and finish options	Flexibility for new and retrofit applications
• Cover and wrap-around plate options	Masks other manufacturers' preps while maintaining security; for cylindrical only

** Accommodates 7-or 6-pin with spacer SFIC for override. Accepts Falcon, Best, Arrow or Kaba SFIC's. Cylinder plug provided as standard. Clutch engages lever when cylinder is removed via control key.*

COBRA BY SCHLAGE®

Cobra Series Manually Programmable Locks

Standard Features

COBRA Series Lock

- 100-code capacity, programmable at keypad
- 4 standard "AA" batteries provide over 80,000 cycles
- Accepts SFIC cylinder, dummy plug provided
- Field reversible levers
- Exterior gasket
- High security spanner screws on inside escutcheon; no exposed screws
- Classroom/storeroom function
- 1 year warranty

Lever Designs

17 Sparta ***(standard)***

06 Rhodes

Lock Designs

Cylindrical Latch bolt
1/2" and 3/4" Latch

Mortise Latch bolt
3/4" Latch

Mortise AutoBolt®
1" deadbolt automatically projects upon door closure, providing a high level of security

Cylindrical:

- $2\frac{3}{4}$" backset with $\frac{1}{2}$" latch bolt ***(standard)***
- $2\frac{3}{8}$" backset with $\frac{1}{2}$" latch bolt
- $2\frac{3}{4}$" backset with $\frac{3}{4}$" latch bolt
  (Accommodates door thickness from $1\frac{1}{2}$" to 2")
- Available for $1\frac{3}{8}$" door thickness with optional shim kit

Mortise:

- $\frac{3}{4}$" mortise latch bolt
- 1" high security AutoBolt®
  ($1\frac{3}{4}$" door thickness ***(standard)*** Also available for $1\frac{3}{8}$" to $2\frac{3}{4}$" door thickness in $\frac{1}{8}$" increments

How To Order COBRA Locking Systems

MPC – 17 – RH – LC – 626 – SLB

- Select Model
- Select Lever Style
- Select Handing
- Select Key Cylinder Option
- Select Finish
- Select Options

1. Select Model

MPC	Cylindrical Classroom/ Storeroom
MPM	Mortise Classroom/ Storeroom 3/4" Autobolt
MPMA	Mortise Classroom/ Storeroom 1" Autobolt

2. Select Lever

17 (Standard)
06

3. Select Handing

RH	Right Hand
LH	Left Hand
RHR	Right Hand Reverse
LHR	Left Hand Reverse

Note: Handing is field reversible

4. Select Key Cylinder Option

LC Less Cylinder

5. Select Finish

626	Satin Chrome (Standard)
605	Bright Brass
612	Satin Bronze
613	Oil Rubbed Bronze
625	Bright Chrome

6. Select Options

SLB 2-3/4" Backset, 1/2" Latchbolt (MPC only)

OLB 2-3/8" Backset, 1/2" Latchbolt (MPC only)

ELB 2-3/4" Backset, 3/4" Latchbolt (MPC only)

DOOR THICKNESS 1-3/4" for MPM/MPMA only

DOOR THICKNESS 1-3/8" to 2-3/4". (available in 1/8" increments for MPM/MPMA only)

7. Select Accessories

MPC-SK	Shim plate accommodates 1-3/8" residential doors
MPC-LRP	Cover plates to mask previous preps
MPC-WAP15	5"x15" wrap around plate

MPC-LRP

MPC-SK

MPC-WAP15
