ANDREW BROWN

Jasper, Ga 30143 | C: (404) 640-3495 | andybrown52@hotmail.com

Career Overview

A self-motivated dependable web developer that is skilled in problem solving and able to meet deadlines. I am well-versed in structuring, developing and implementing interactive websites.

Key Skills

- PHP
- HTML5
- CSS3
- MySQL

- JQuery
- JavaScript
- Linux Command Line
- SVN

Work History

Customer Service Representative   Jul 2010 to Current
Asurion — Nashville, TN

My attendance was considered perfect even with this being a work at home job. I promoted to a Peer Adviser title and created a web application that made searching for scripts to give to the agents more efficient.

Personal Projects

Home Automation

I built a web application that communicates with Insteon modules using PHP and Python scripts.

Personal Bill Program

This web application is able to keep track of all of the amounts, due dates, and when the bills should be paid for all of my monthly bills using PHP and a MySQL database.

Personal Website

This is one of my older projects that incorporates frameworks like JQuery and custom built scripts to host a forum and manage users who can sign in to post topics on the forum.

Education

Americus-Sumter High School South — America, GA

Georgia SouthWestern State University — Americus, GA

Southern Polytechnic State University — Marietta, GA
